## Re-registration Process 2020-2021 School Year

The **re-registration period** is from January 27 to 31, 2020.

Parents **must** complete the re-registration process for their child through the Mozaïk Parent Portal.

Only those with parental authority have access to the re-registration process in the portal. Once one parent has completed the re-registration process, the other parent may no longer make modifications to the re-registration information.

**Re-register your child in just a few clicks: quick, simple and paperless!**

Log in to your account at <https://portailparents.ca/accueil/en/> and click on **Access to Mozaïk Registration**. You will need to verify that all information concerning your child is accurate and up to date. You will then need to confirm your child's re-registration. All changes regarding your child may be made in the portal, including address changes. Please note, however, that a new address only becomes effective once it has been validated. To do so, you must provide your child's current school with two proofs of residence. This must be done in person.

All parents must complete the re-registration process to ensure that their child is officially registered for the 2020-2021 school year.

Should you have any questions, please contact your child's school.
